LUX

Elements, mix of souls

Three inspirations, a unique project.

Elements Lux è parte di Elements, progetto per l'architettura firmato Keope, estremamente ricco: in una sinergia di nuance, unisce tre collezioni di diversa ispirazione materica. Lux cattura l'essenza multiforme del marmo, ne ruba i riflessi, le sfumature, i colori raffinati per natura. La palette cromatica, la varietà grafica e l'ampia gamma di formati a disposizione fanno di Elements una risorsa unica per combinazioni brillanti, sempre nuove. La collezione si adatta con disinvoltura a progetti semplici o complessi: è nata per amalgamarsi perfettamente con l'identità dell'ambiente e di chi lo vive.

Elements Lux is part of Elements, an extremely rich project for architecture by Keope: it combines three collections, inspired by different textures, in a harmonious synergy of nuances. Lux captures the multifaceted nature of marble, steals its reflections, shades and natural refined colours. Elements, with its colour palette, graphic variety and wide range of formats available, is a unique resource for continuously new, brilliant combinations. The collection easily adapts to simple or complex projects: it is designed to blend perfectly with the identity of the space and who lives it.

ELEMENTS

Proposte di abbinamenti

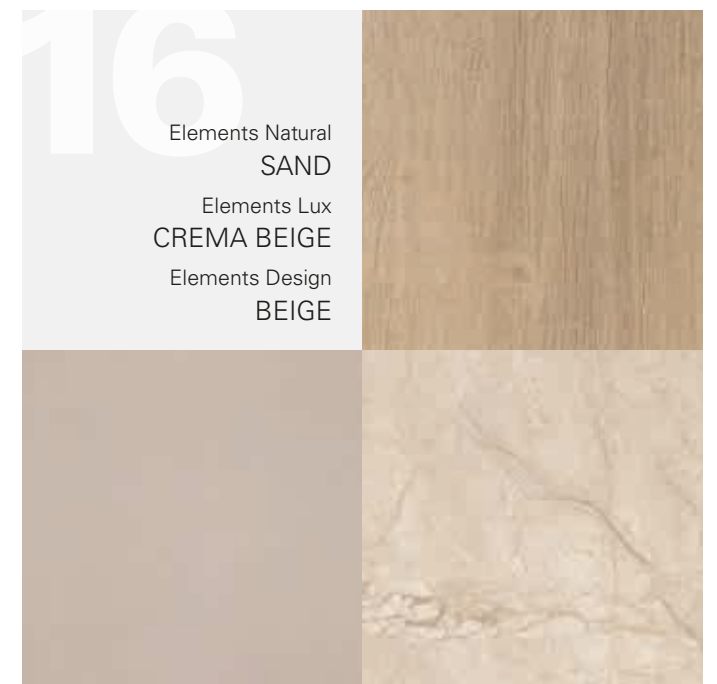

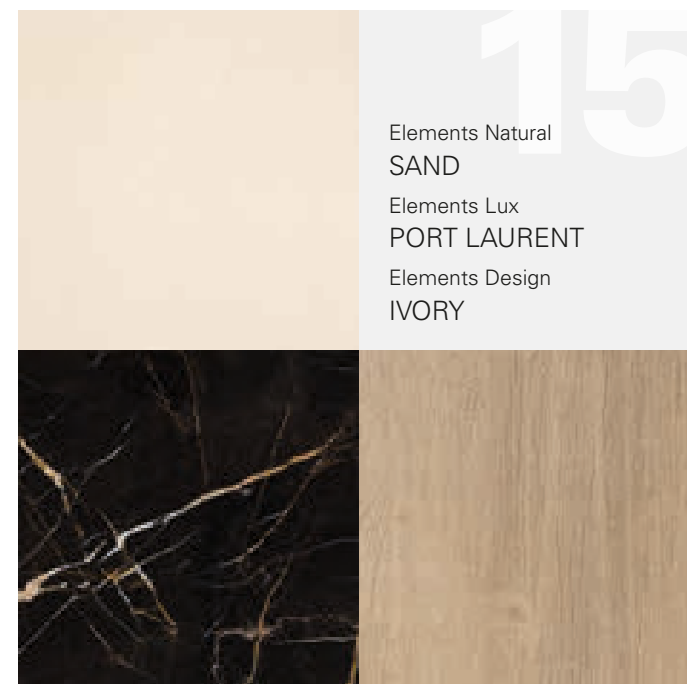

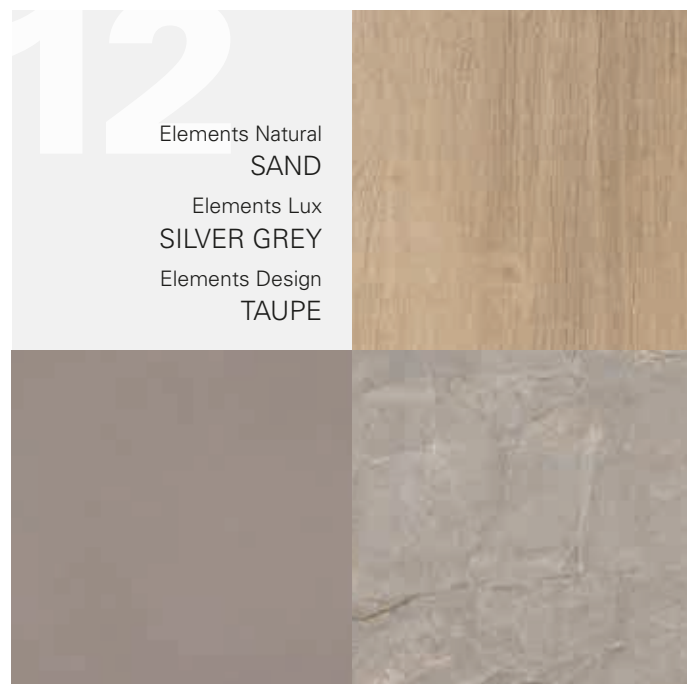

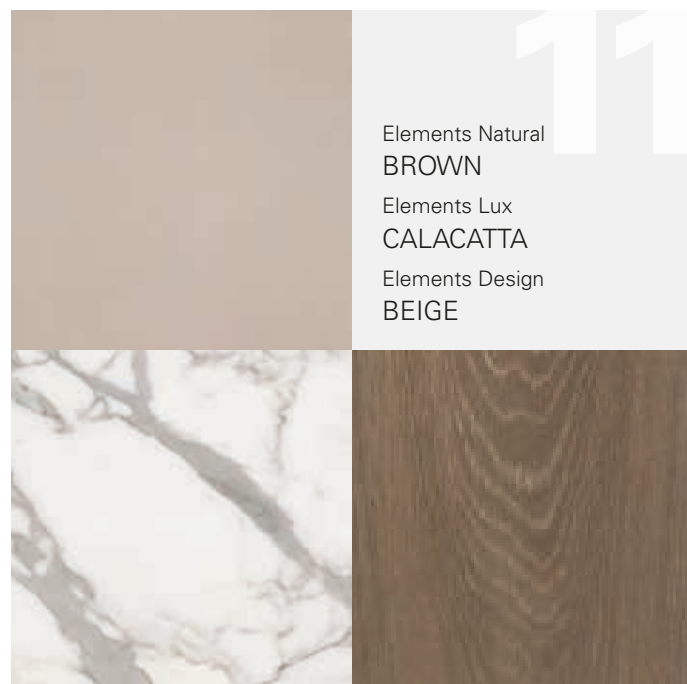

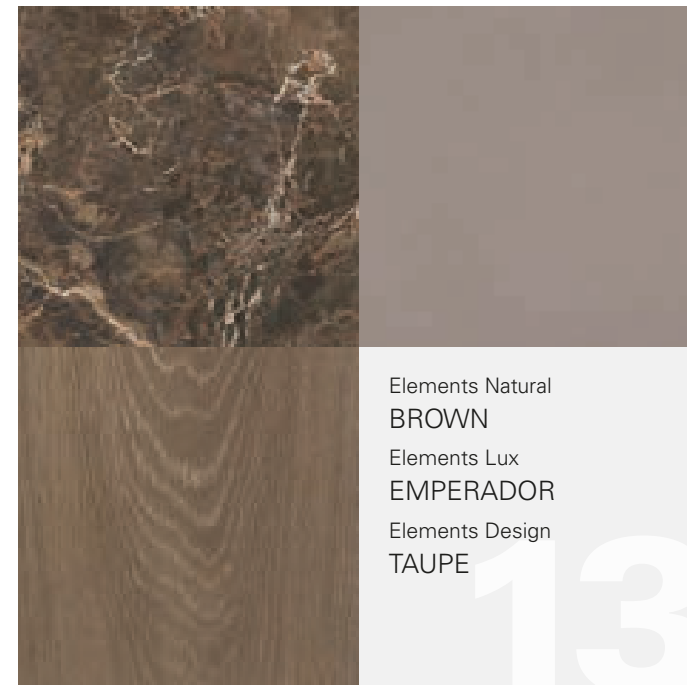

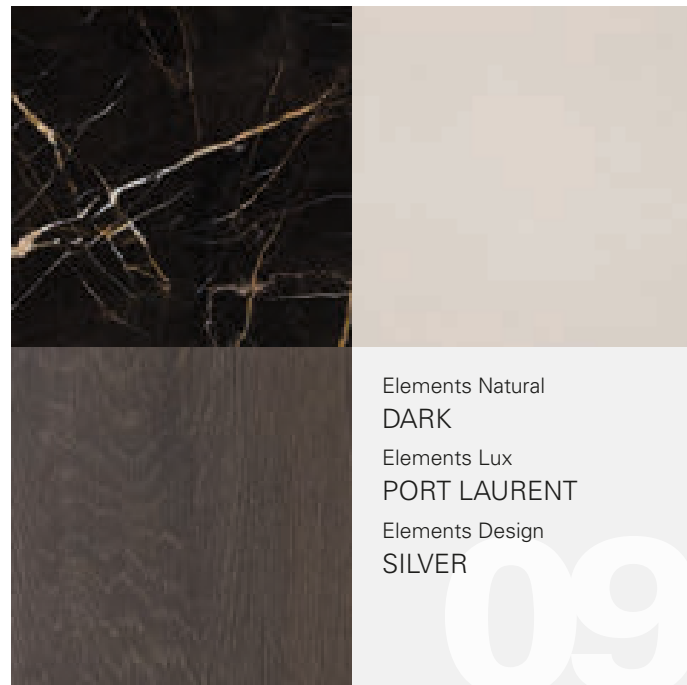

Tre elementi ispirativi diversi, tre collezioni moderne e di forte personalità, un unico progetto completo, dinamico ed estremamente innovativo: con Elements, Keope apre la strada ad un nuovo modo di pensare il vivere moderno, dove superfici differenti, complete nella loro essenza, convivono armoniosamente negli spazi, offrendo molteplici soluzioni interpretative. In questa sezione Keope suggerisce una selezione di abbinamenti possibili, studiati per offrire ad architetti e progettisti evoluti strumenti utili per il loro lavoro: è nell'accostamento di Elements Design, Elements Lux ed Elements Natural che si rivela tutto il fascino dell'armonia.

ELEMENTS

Combination proposals

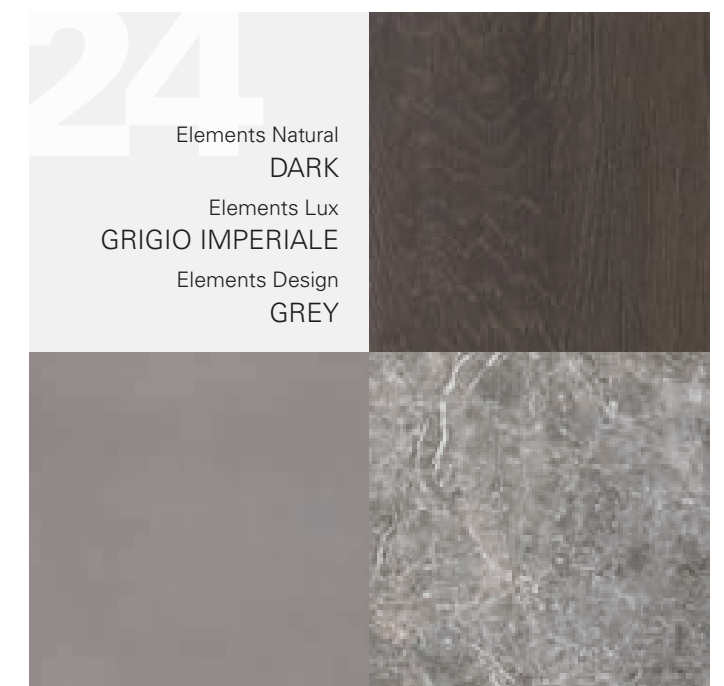

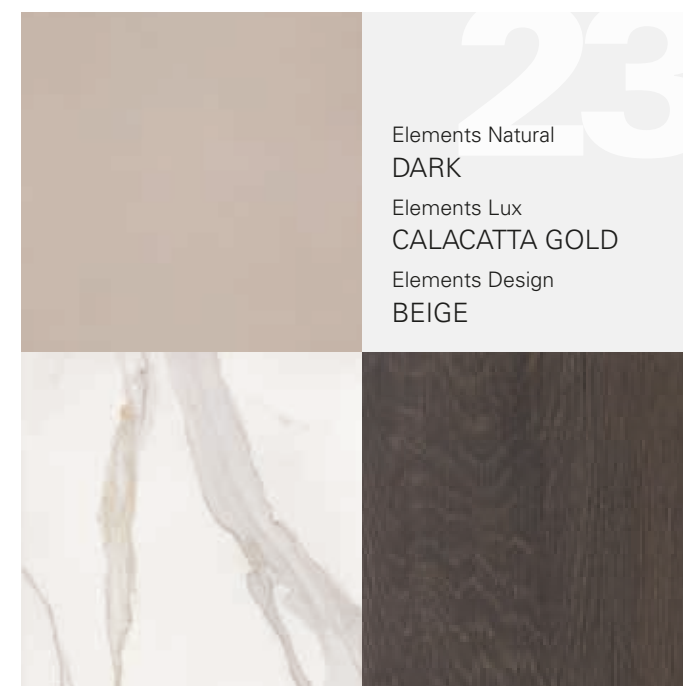

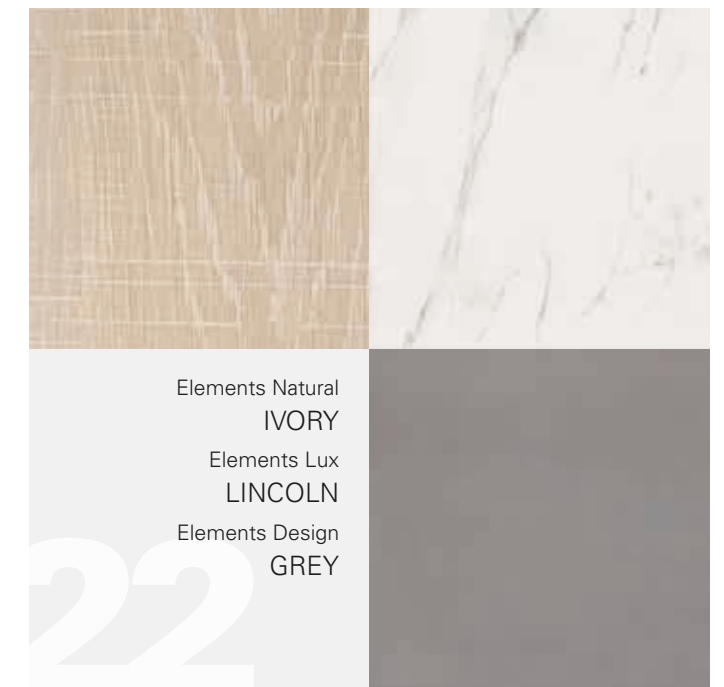

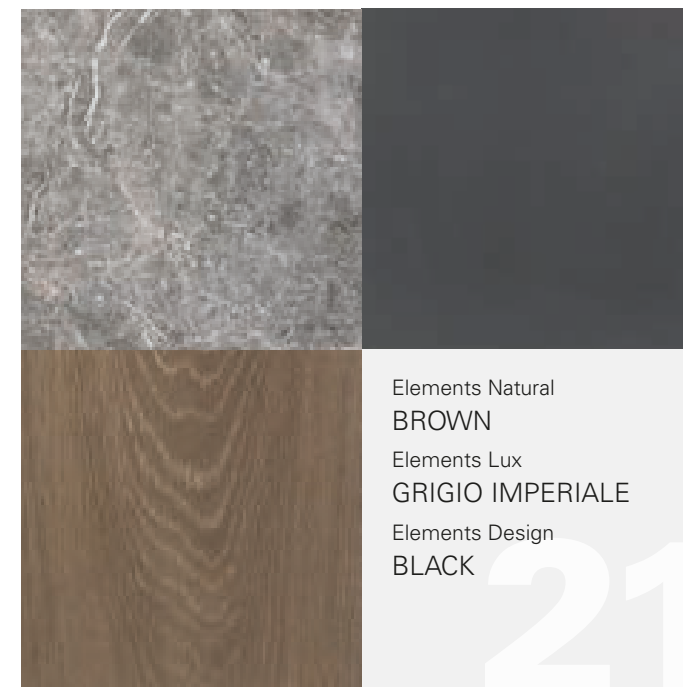

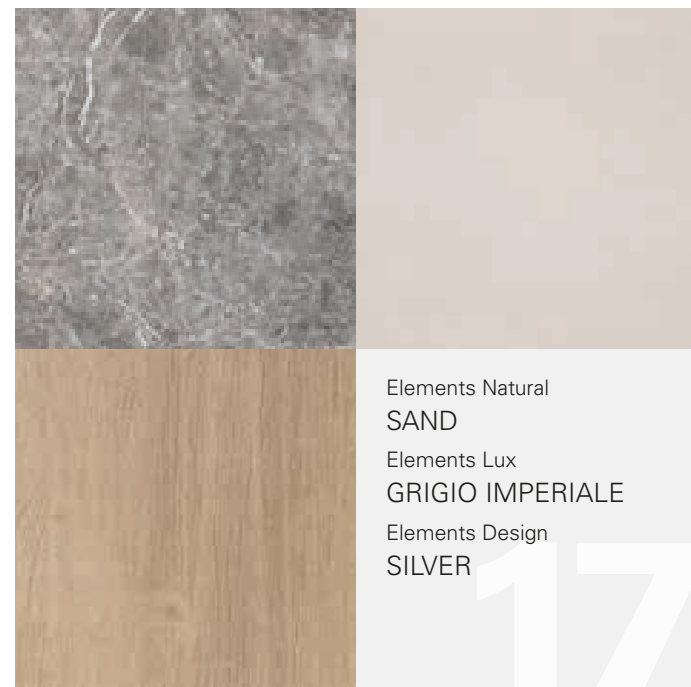

Three different inspirational elements, three modern collections with a strong personality, a unique and complete project that is both dynamic and highly innovative: with Elements, Keope launches a new way of thinking about modern living, where different surfaces, complete in their essence, live together harmoniously in spaces, offering multiple interpretative solutions. In this section Keope suggests a selection of possible combinations, designed to provide architects and designers developed and useful tools for their work: it is in the approach of Elements Design, Elements Lux and Elements Natural that the charm of harmony is revealed.

Consigli di posa Laying suggestions

Al fine di semplificare le operazioni di posa e ottimizzare la resa estetica del prodotto si raccomanda di posare con 2-3 mm di fuga.

To simplify laying operations and ensure the product looks its best, it is advisable to lay with joints of 2 to 3 mm.

Subito dopo la stagionatura delle fughe si raccomanda di effettuare la pulizia del pavimento come descritto su: www.keope.com/cleaning.htm

As soon as the joints have fully set, it is advisable to clean the floor as described on the website www.keope.com/cleaning.htm

Nella finitura lappata, le leggere ondulazioni, picchiettature e discontinuità che rendono la superficie leggermente increspata sono una caratteristica del prodotto che ne esalta l'aspetto naturale. Adatta per ambienti residenziali e per ambienti dove non siano specificate e/o richieste delle particolari prestazioni antiscivolo. Viste le caratteristiche, la finitura lappata è raccomandata solo in ambienti interni, non a diretto contatto con l'esterno, così da preservare la brillantezza della superficie.

The lapped finish features slight waves, dimples and unevenness that leave the surface slightly rippled, a characteristic that enhances its natural look. It is suitable for residential and for environments that do not require particular non-slip properties. Given its characteristics, the lapped finished is recommended only for interior spaces, not in direct contact with the outside, to preserve the brilliance of the surface.
